

LEGALLY MINE

OUR PREMIUM PLUS PROGRAM

The Legally Mine Premium Plus Program (Premium Plus) is a maintenance plan that we offer to help you save time, money, and frustration on the upkeep of your new asset protection business structure. We want to take all the worry and hassle out of maintaining the entities we create for you and provide you with continued access to all of our services.

Premium Plus includes the following benefits and services:

- A. UNLIMITED ENTITY CREATION*** - As you acquire more assets, we stand ready and available to create additional business entities to make sure those assets receive the best protection available.
- B. REGISTERED AGENT FOR ENTITIES CREATED IN ALASKA AND UTAH** - Legally Mine's Registered Agent fees for those not enrolled in this program are \$400 per entity formed in Alaska and \$200 per entity for entities formed in other states each year.
- C. RENEWAL OF YOUR ENTITY STRUCTURE** - Entities must be renewed with the state to remain compliant. We contact you each year to ensure that process is completed. Additionally, we keep track of changes in the law from year to year and will notify you of these changes to keep you protected. We will provide you with an updated blueprint if any changes are needed to your structure.
- D. CREATION OF "MEETING AND MINUTES" FOR ALL OF YOUR ENTITIES** - These are important to keep the protection we create for you valid and up-to-date.
- E. ANNUAL TAX STRATEGY REVIEW** - In order to ensure you save all that you can, we encourage you to speak with a member of our legal team on an annual basis. Our legal team will answer tax questions and will review your structure to ensure you are taking advantage of any tax strategies that will save you money.
- F. CAREPOINT GROUP PURCHASING** - Carepoint has the ability to negotiate with medical/business suppliers to drive down the overall costs of supplies, thus benefiting the client with additional savings, all without disrupting or changing your current purchasing practices (brands, volume, etc.)
- G. EPICOMPLIANCE** - Provides the tools you need to prove HIPAA and Healthcare compliance in a simple, online package that automates your compliance process and reporting task activities in case of audit and threat of fine.
- H. FIGPAY** – Offers a combination of savings and comprehensive support to help you save a percentage on your credit card statements. Voted number one in credit card processing.
- I. CONTINUED SUPPORT** - The legal staff and client coordinators are always available to address any questions or concerns you might have.

As we grow, we will continue to add value to this program in our efforts to serve our clients. As these updates happen, we will let you know how you can take advantage of new benefits and services. As always, if you have any questions or concerns please reach out by calling (800) 375-2453.

*This does not include state filing fees and only applies to clients who have purchased the complete Legally Mine Asset Protection Program. Through our Premium Plus maintenance plan, clients who have chosen to purchase their entities a-la-carte will still be able to take advantage of our other services, but will not be able to have more entities created until they purchase our complete program package. Once clients have paid the full program price, the future creation of entities will not incur additional charges beyond the cost of our Premium Plus maintenance plan.
